WEST CAIRO GOLF

The Pyramid Trail is located an hour's drive west of Cairo International Airport (CAI). The Pyramids Trail consists of four stunning golf courses that are closely situated to many of Cairo's iconic landmarks.

These world-famous attractions are no further than a 10 or 30 minute drive from the golf courses, including Giza Necropolis, the site of the Great Pyramids, the Sphinx and other well-known ruins.

The Grand Egyptian Museum is situated just 25 minutes away, featuring an extensive collection of ancient Egyptian antiquities. The museum is not only the new crown jewel of Egypt, but it is also one of the largest, most modern, and most renowned museums in the entire world.

THE ALLEGRIA

WEST CAIRO GOLF

The Allegria, built in 2010 redefined the golfing experience in Egypt.

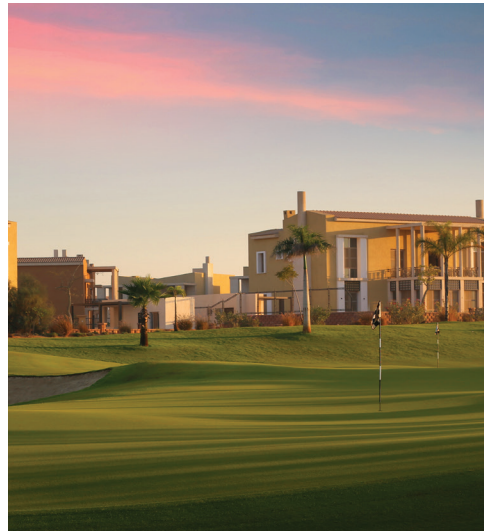

A MAGNIFICENT GOLF COURSE

The 18-hole masterpiece designed by Greg Norman was created to be a natural extension of The Allegria community and integrate seamlessly into the surrounding landscape.

The 18-hole, par-72 parkland-style course stretches 7,217 yards from the black tees and 5,389 yards from the red tees.

Greg Norman designed The Allegria golf course to be a natural extension of The Allegria community, a part of its philosophy of a happy, integrated neighborhood.

The course blends harmoniously with the overall shapes, colours and intricate nuances of The Allegria, one of Cairo's most exclusive residential communities.

ULTIMATE GOLFING EXPERIENCE

Lakes, streams, rock features, vegetation and undulating topography are the natural elements implemented in the design of The Allegria, with many trees enhancing both the beauty of the landscape and the golfing experience.

The ingenuity of the Greg Norman design is exemplified by the playing experience of very different golfers. The course is both playable by beginners and is Cairo's most serious challenge to the accomplished golfer. The Allegria's goal is to create extraordinary guest and member experiences through impeccable service, exquisite dining and consistent and uncompromising attention to detail.

The Allegria is managed by Troon Golf, the world's leading luxury brand golf management, marketing and development company.

The golf course meanders through an old quarry, which offers an intense scale to the golfing arena. This coupled with an indigenous landscape and views of the famous Pyramids of Giza completes the epic NEWGIZA golf journey.

GLOBAL RANKING

The golf course, designed by Thomson Perrett & Lobb, is a par 72 layout and 7100 yards from the back tees. More importantly, forward tees have been carefully placed to make the course playable for all standards of golfers. Strategic bunkering, changes in elevation, scenic lakes and an impressive desert landscape cutting into huge undulating greens completes the NEWGIZA golf experience.

The golf course has welcomed globally renowned golfers since its opening. After Chris Bertram, one of Europe's leading golf travel writers and now editor of National Club Golfer's travel section played NEWGIZA Golf Club, Bertram commented it is already firmly established as one of golf's must play courses.

From a playable and visual perspective, the design delivers at the very pinnacle of great golf course architecture." Murray added, "I was very proud to be chosen as the first golf photographer to capture the brilliance and majesty of NEWGIZA."
